HORIZONT

mood-book

HORIZONT

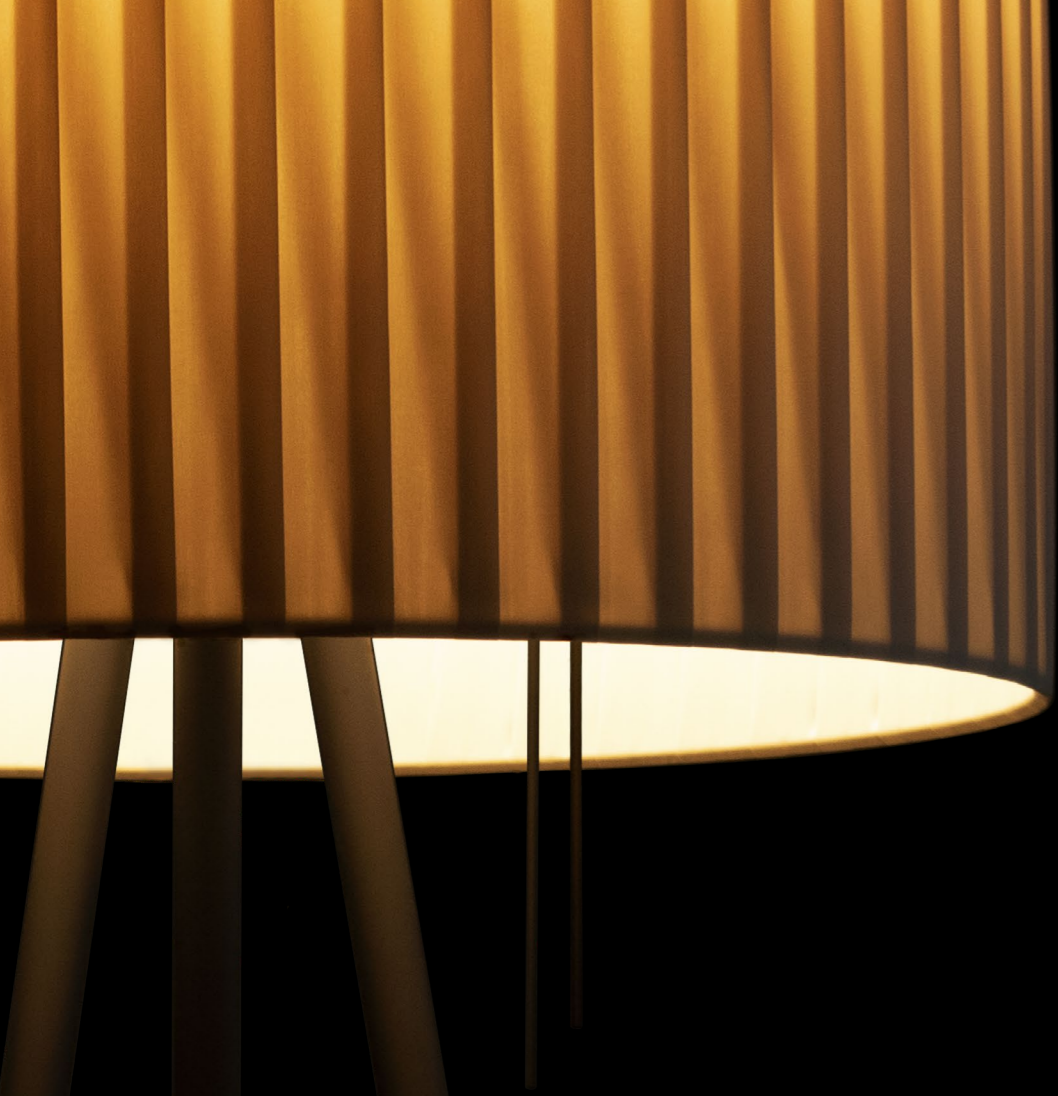

COMBINES THE HOMELY FEEL OF FABRIC WITH STATE-OF-THE-ART LED TECHNOLOGY TO CREATE A VERSATILE LIGHTING SOLUTION.

A specially developed LED module forms the technical core of the HORIZONT collection, which was designed in collaboration with the Greutmann Bolzern design studio.

Premium fabric shades and numerous opportunities for adaptation as surface-mounted ceiling installations, pendant luminaires and floor lamps make HORIZONT a versatile lighting solution and reinforce its reputation as a high-quality Swiss product.

All application options offer real added value when it comes to ambience, light quality, efficiency and user convenience – whether they are used in offices, lounges, restaurants or living spaces.

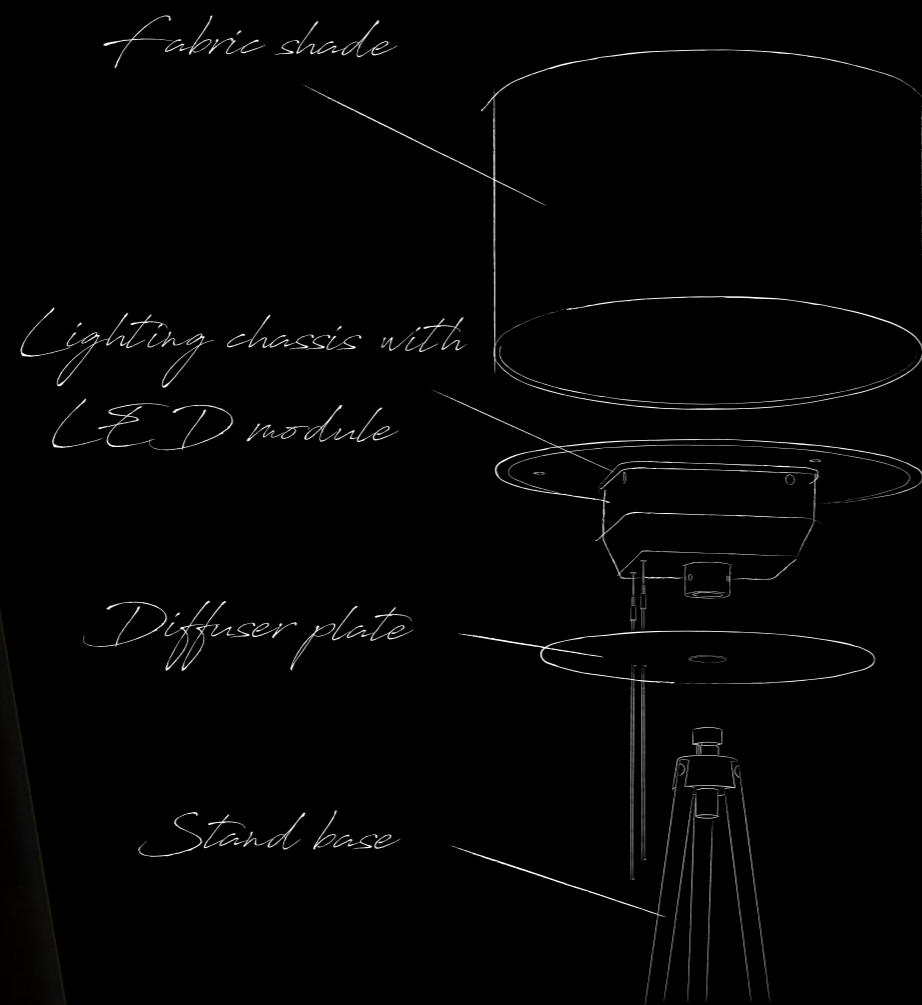

AS DISTINCTIVE AS YOUR OWN PROJECT

HORIZONT covers a wide variety of ready-made luminaires.

However, the modular design also makes it possible to create wholly unique lighting solutions, which can be put together from a broad range of components and options.

Surface-mounted and pendant luminaires

Light colour: 3000K, 4000K or RGBW
 Optics: microprismatic or acrylic glass pane
 Controls: Direct and indirect light can be controlled separately (pendant luminaires)
 On/Off, DALI, pull-cord switch, presence detector or ambient light control with presence detector

Office floor luminaires

Light colour: 3000K or 4000K
 Stand tube: 1820mm or 1985mm
 Design: white, black or aluminium, anodised
 Optics: microprismatic
 Controls: TouchDim or ambient light control with presence detector

Trinity floor luminaires

Light colour: 2700K
 Design: tripod and textile cable in black
 Optics: acrylic glass pane
 Controls: Direct and indirect light can be controlled separately TouchDim

Lampshades

- D: 500mm H: 250mm
- D: 500mm H: 300mm
- D: 750mm H: 250mm

Fabric covers

- Polyester
- Silk
- Pleated strip

FABRIC COVERS
